Phlebotomy Technician Program

Course Content:

Launch your healthcare career in just 5 weeks with our comprehensive Phlebotomy Technician Program at South Florida Healthcare Institute. This hands-on training program prepares students with the essential knowledge and practical skills required to safely collect blood specimens and work in healthcare environments such as hospitals, laboratories, and diagnostic centers.

What You Will Learn

Students will receive training in both theoretical knowledge and hands-on skills, including:

- Venipuncture and capillary blood collection techniques
- Infection control and safety procedures
- Proper patient identification and communication
- Specimen handling, labeling, and transportation
- Medical terminology related to phlebotomy
- Laboratory procedures and specimen preparation
- CDC guidelines related to bloodborne pathogens, including HIV/AIDS and Hepatitis B
- Professionalism and patient care in clinical settings

Our curriculum focuses on safe and efficient blood collection practices, ensuring students are able to obtain accurate specimens and follow proper laboratory protocols.

National Certification Opportunity

South Florida Healthcare Institute is partnered with the National Healthcareer Association (NHA). Upon successful completion of the program, students are eligible to sit for the National Certified Phlebotomy Technician (CPT) certification exam, helping them strengthen their credentials and increase employment opportunities in the healthcare field.

Externship Opportunities

While not required, students may participate in externship opportunities with our healthcare partners, allowing them to gain additional hands-on experience in real clinical settings. These externships provide valuable exposure to patient care, help students refine their phlebotomy skills, and significantly strengthen their resumes when applying for their first healthcare position.

Phlebotomy Technician Program Tuition: \$1,500

What it includes:

Phlebotomy Textbook and Workbook, One set of uniforms, six (6) NHA Phlebotomy Technician practice examinations, NHA Phlebotomy Technician certification exam voucher.
